

WE NEED YOU!

STOP THE DESTRUCTION OF BUCK BARN, WEST GRINSTEAD AND THE WEALD!

The impact of the proposal to build 3,500 homes in unspoilt countryside at Buck Barn will have far-reaching effects, especially for West Grinstead and Copsale and the villages of Partridge Green, Shipley and Dial Post.

EVERY VOTE WILL COUNT TO HELP AVOID IRREVERSIBLE DESTRUCTION!

We understand that there is a need for new homes to be built in West Sussex and our Village Plan includes a proposal for more than 100 new homes **on brownfield land**. This must be better than random developments on greenfield sites on the basis of side deals between landowners and developers, with no thought for sustaining and maintaining unspoilt countryside!

**Do we really want a New Town in West Grinstead that is double the size of Henfield?
The answer is NO!**

Visit www.savewestgrinstead.co.uk or www.wealdcrossaction.co.uk for more information
There are just FOUR WEEKS to stop devastation!

Sign the petition online • It will also be available in villages in the coming days!
